

With operations worldwide, the **Triathlon Group** employs over 1,000 people globally. We specialize in the manufacture and sale of high-quality battery and charging technology products. We are an innovative and dynamic industry leader, with total revenues of over \$500 million.

To support our team at the location in **Fürth, Hamburg or remote** we are looking for a talented, professional **IT Program / Program Manager**

#### **Principal functions and responsibilities:**

- Planning, execution and monitoring programs and activities in accordance with the mission and goals of the organization
- Managing the program budget and schedule
- Managing a team with a diverse array of talents and responsibilities
- Aligning or realigning the deliverables of the project with the overall program outcomes
- Report directly to the Head of IT PMO, taking on the responsibility of overseeing all IT-related projects and programs in Germany
- Apply change, risk and resource management
- Assess program performance
- Resolve projects' higher-scope issues
- Prepare reports for PMO and SteerCos

#### **Requirements:**

- Bachelor's degree in information technology, Computer Science, or related field
- Proven track record of delivering complex projects in international context
- Solid background and practical experience across all types of PM methodologies
- Certification in PM (PMP, PgMP, etc.) is a strong advantage
- Excellent knowledge of MS Project, Jira; working knowledge of program/project management software and PPM tools (PPM Express, Project Server, Plan View etc.)
- Excellent English skills, fluent in German
- Good leadership and organizational skills
- Communication skills and problem-solving ability
- Critical thinking and problem-solving skills
- Openness to travel internationally

#### **Employee Benefits:**

- A modern working environment with high-quality technical equipment
- Ideal and flexible working conditions
- Internal and external training and further education measures
- Flat hierarchies - short decision-making processes
- A fast-growing company group
- Open communication culture with a great amount of individual creative freedom
- Attractive framework conditions, company social benefits as well as the possibility of Business-Bike leasing for 2 bicycles

**Apply now** — and be part of a collaborative and rewarding work environment.
